

Event

**November 10,
2022**
18:00-20:00 (s.t.)
P 11
(Philosophicum)

Direct Exchange Info Sessions

The Direct Exchange Program, established in 1956, is a unique opportunity for **American Studies students at Mainz**, connecting them directly with partner universities in the United States and Canada. The various exchange opportunities we offer—from simple undergraduate studies with tuition waivers to teaching/research assistantships for graduate-level studies—enable students to **experience the United States and Canada firsthand**.

You are interested and want to find out more about it? [Join us for our information sessions!](#)

Please have a look at the **General Information presentations**, provided in the download section of the **Obama Institute's exchange web page** (<http://www.obama-institute.com/studies-2/exchange-programs>). Read over the presentation and note down any questions, which we will be happy to answer on November 10.
